

INTERNET SERVICE AGREEMENT

*(Before signing, read this document carefully.
It constitutes a legal and enforceable contract.)*

1. INTRODUCTION

Mainstream Fiber Networks, LLC ("MSFN") and the undersigned party ("Subscriber") enter into this Internet Service Agreement ("Agreement"), as follows:

Internet Services: the term "Services" shall mean the Internet access made available and any other services that MSFN may provide to Subscriber either now or in the future. Services are considered established by achieving connectivity to MSFN installed equipment. Subscriber shall not sell, rebroadcast, transmit, share, trade, transfer, etc., any of such Services with another site (residence, business, etc.) without MSFN's express, written consent. If MSFN determines that Subscriber has utilized the Internet access equipment (or any related equipment) or sold, leased or otherwise given possession or allowed the use of any of the same to any unauthorized party, MSFN may terminate the Services and, in addition to all other applicable fees, Subscriber shall pay MSFN the full commercial rate for such unauthorized Services and their contents or the unauthorized use thereof (including their contents), regardless of whether MSFN has or had the commercial rights to such Services. The payment of that amount and/or the termination of Services shall not prejudice MSFN's ability to exercise any other rights and remedies we MSFN may have under this Agreement, at law or in equity.

Services and MSFN-supplied Equipment are listed in Subscriber's Order Sheet (incorporated in this Agreement together with any future modifications to said Subscriber's Order Sheet). Subscriber should read and understand the Explanation of Services found on MSFN's Website at <https://msfiber.net/explanation-of-services/>

This Agreement shall be effective and binding on the parties as of the date signed by Subscriber.

SUBSCRIBER AND MSFN ENTER INTO THIS AGREEMENT, IN SOME CASES, TO FACILITATE MSFN'S BUILDOUT SCHEDULE. IN SUCH CASE MSFN MAKES NO WARRANTIES, EXPRESS OR IMPLIED, AS TO THE DATE ITS NETWORK IS BUILTOUT AND READY FOR SUBSCRIBER CONNECTION. IN THE EVENT MSFN DETERMINES THAT CONNECTING A PARTY DESIRING TO SUBSCRIBE IS NOT COMMERCIALY REASONABLE, MSFN SHALL SO NOTIFY SAID PARTY AND, IN THAT CASE, THIS AGREEMENT IS TERMINATED AND SAID PARTY HAS NO FURTHER OBLIGATION TO MSFN.

2. SUBSCRIPTION REQUIREMENTS

A. Contractual Requirements: Subscriber must be at least eighteen (18) years of age.

B. Equipment: Subscriber is responsible for the safety and security of the leased equipment. Should leased equipment be stolen or damaged during the term, the subscriber will be required to pay for applicable equipment replacement and installation costs beyond that of "normal" wear and tear. The Subscriber shall not relocate or tamper with the fiber equipment. Equipment as provided for Subscriber's use contains certain components and software which are proprietary to MSFN and/or its vendors. Subscriber agrees not try to reverse-engineer, decompile or disassemble any software or

hardware contained within your equipment. Such actions are strictly prohibited and may result in the termination of your Services and/or legal action. Failure to return equipment in good working condition, ordinary wear and tear excepted, at the end of the Agreement will result in Subscriber being charged the full replacement cost of the equipment.

C. Internet Rental Agreement: MSFN may require that an Internet Rental Agreement be executed prior to any installation or commencement of Services.

3. TERM, PRICING AND INSTALLATION

A. Subscriber Information:

The Subscriber listed herein will be the Primary Authorized User of the account.

B. Initial pricing details (including any fixed pricing period (if applicable), ("Initial Term") are contained in Subscriber's Order Sheet. This is a month-to-month Agreement. Upon the conclusion of any applicable Initial Term, Subscriber's price for Services may be adjusted by MSFN upon the delivery of notice of price adjustment. In the event Subscriber chooses not to accept such price increase, Subscriber may terminate Services according to the terms set forth below in paragraph 3.E.(2). If such termination notice is not received by MSFN, this Agreement shall continue and Subscriber is deemed to have accepted such modifications and is obligated to perform accordingly.

C. Commencement of Installation; Key hardware placement:

MSFN will commence the installation process once Subscriber notifies MSFN by calling MSFN Customer Service at 844-752-6736 advising (1) that all Private Utilities on Subscriber's premises have been located and marked; or, (2) there are no Private Utilities located on Subscriber's premises.

MSFN will install on Subscriber's premises the external Network Interface Device Box (NID) where the installer determines, in his/her sole discretion (acting reasonably), is the NID'S most efficient placement. The installer will then determine the most efficient location to place the necessary Equipment inside the premises and will recommend such placement to Subscriber. Any changes from the location of the NID or placement of Equipment inside the premises is a professional services request, and will be billed per our posted rate located at <https://msfiber.net/explanation-of-services/>

In some cases, installation charges may be higher than normal, for example: a Subscriber is located materially off roadways where MSFN service lines are located; or MSFN service lines are expanded solely to meet order of (1) Subscriber or (2) Subscriber plus a small number of potential Subscribers. In such cases, and in advance of any installation, MSFN shall notify Subscriber of such additional installation charge and any extended payment terms MSFN may offer Subscriber to amortize such charge (which shall be included on Subscriber's Order Sheet.) Failure to make when due any such Installation charge payment shall render Subscriber's account delinquent and subject to remedies set forth in this Agreement.

By entering into this Agreement, Subscriber grants MSFN a license to enter upon Subscriber's premises during normal business hours or at such time as may be mutually agreed by the parties (1) to install and maintain Service and Equipment; and (2) at the termination of Services to remove Equipment.

D. Additional charges for Taxes, Tariffs and Fees:

In addition to the charges for Services and relocation of Equipment referred to above, Subscriber shall be charged and shall be obligated to pay monthly (1) all applicable taxes, tariffs or fees (such as, but not limited to, any recovery fee) associated with Subscriber's access to the Services or usage thereof and (2) any charges, howsoever characterized, which may be related to initial infrastructure installation as well as ongoing operations and use. These taxes, tariffs and fees are subject to change as they may be applicable. For a further explanation of Fee's please visit <https://www.msfiber.net/index.php/fee-disclosures/>

E. Subscriber's Full Payment Obligation; Limited Exceptions; Cancellation:

(1) Payment Obligation Upon Termination

During the Initial Term, Subscriber's obligation to make monthly payments as identified in this Agreement (and in any amendments or revisions) is irrevocable whether or not service is terminated for any reason by Subscriber's action or failure to act including, but not limited to, failure to make payments when due.

Subject to the limited exception provided below, upon termination or cancellation occurring during the Initial Term Subscriber shall pay MSFN, in addition to a \$100.00 termination fee and any other sums then due and owing, all monthly payments for the remainder of the Initial Term and such remaining payments are accelerated and become due and payable upon termination or cancellation. MSFN strives to maintain a 90th percentile of available bandwidth.

Provided however, so long as Subscriber's account is otherwise paid up-to-date and Subscriber has otherwise performed consistently with his/her obligations under this Agreement, if Subscriber pays MSFN a sum equal to one-half of the amount due to MSFN for the remainder of the Initial Term plus, a \$100.00 cancellation fee MSFN will terminate the agreement and cease monthly invoicing. At sole MSFN discretion, equipment may need returned to an MSFN branch office. Failure to return equipment within 10 business days of such request will result in an additional equipment charge.

(2) Installation Commencement; Cancellation Fee

Installation commences when any of following actions have taken place: Poles placed on property, equipment installed on or inside premises, underground or aerial fiber has been run to premises, fiber attached to house, the marking paint has been placed on premises, or MSFN's attempted installation above marking paint, aerial, or underground fiber. Once Subscriber is given notice that MSFN is ready to commence installation, such installation will be completed within thirty (30) days or, but for the case of such delay being exclusively attributable to MSFN, this Agreement shall be deemed to be cancelled.

Subscriber cancellation will incur a \$500 pre-activation cancellation fee

(3) Assumptions of Accounts

So long as Subscriber's account is current in all respects and in the sole discretion of MSFN, upon the relocation of Subscriber from the address listed in this agreement, a subsequent party may assume

all of the obligations of Subscriber upon execution of this Internet Services Agreement and any other required documents plus an Activation charge of \$100.00

(4) Reduction or Termination of Selected Services during Term

If during a Term Subscriber (i) reduces already contracted Services or (ii) terminates already Selected Services, then Subscriber shall promptly pay a contract reduction fee of \$100.00.

(5) Subscriber requested suspension:

MSFN does not offer suspended billing or services. This includes but is not limited to seasonal, vacation, construction or renovation, etc. Total invoice amount is due by due date regardless of actual Subscriber usage.

(6) Credit and Collections

a. Activation Charge: An Activation charge of \$100.00 will be required for reinstatement of service following termination or any disconnect for non-payment.

b. Advance Payments: MSFN may require a Subscriber to make an advance payment before services and facilities are furnished or where special construction is involved. The advance payment may include an amount equal to the estimated nonrecurring charges and recurring charges for a period as required by MSFN. Advance payment of recurring charges will be credited to the Subscriber's initial bill. Advance payments do not accrue interest.

c. Service and Support: MSFN provides technical support, service and repair at best effort for equipment owned and installed by MSFN at no cost to Subscriber provided such repairs or replacements are not required as a result of the acts or negligence of Subscriber or any other person. Generally, this means the equipment and materials used in the delivery stream up to and including the access termination point. If MSFN responds to a service request and determines the problem to be in equipment or systems not owned and installed by MSFN, the Subscriber may be charged \$100 per hour for the service call, with a one-hour (\$100) minimum.

d. Returned Checks: Subscriber shall be charged \$50.00 for each returned check, ACH failure, or credit card decline for whatever reason, including but not limited to, insufficient funds, closed account or post-dating; and, MSFN, in its sole discretion, may elect to terminate this Agreement.

Throughout this Agreement, any initial period is known as the "Initial Term." After the Initial Term, provided, regarding the then current term, the account is current in all respects, the term shall be renewed for a successive one year terms ("Renewal Term") unless MSFN receives not more than 60 days nor less than 30 days before the end of the then current term notice in writing that the
